subject: Discharge of Trevor Saunders from Wycombe Hospital

Dear Sir or Madam,

I do not wish to return to Chiltern Court Care Home.

I wish to be moved to a nursing home of my choosing nearer to the Bracknell/Camberley area.

My signed and witnessed letter TASTAS1 from over a year ago requested this and stated that I was happy for Robin Lovelock to have full access to all information about me, including detailed medical information, financial information, and any information relating to my case. Robin is my official representative, on whom I rely for written communication with the NHS, Buckinghamshire Council, and he acts on my behalf with my solicitors. I am very unhappy with how Buckinghamshire Social Services have handled my case, and details of my complaints may be read on www.nhscare.info/trevor/taspres1.htm. I would not wish Buckinghamshire Council to be involved in any discharge process.

I do not give my consent to discharge from Wycombe Hospital. Please discuss this with Robin or my solicitors.

It was only this last Saturday, 22nd November, that I was able to tell my friends visiting, that Wycombe Hospital planned to discharge me tomorrow, 25th November. Robin has spoken to hospital staff, my solicitors, and contacted suitable care homes again, to check bed availability. One example is Larkland House, Ascot: tel: 01344 872121 who may have a bed available now.

If you read the history of my case, you will see that I was discharged from Amersham Hospital in July last year without my consent. Social Services placed me at Chiltern Court against my wishes, telling me it was "temporary". I was only moved here after catching MRSA. Chiltern Court is many miles from where I lived and worked for many years. Robin is the nearest of my friends and family, and he is over an hour's drive away. Other friends, such as those who visited Saturday, live much further away, taking two or more hours travel each way.

Please see the letters from my solicitors and continue to speak to Robin regarding all things, including where I go next.

Many Thanks for the excellent care that I have received while in Amersham and Wycombe Hospitals.

Yours Faithfully,

Trevor Saunders
